

West Georgia College is a coeducational, residential, liberal arts institution located in Carrollton. The city of Carrollton serves as the county seat of Carroll County and is one of Georgia's fastest growing industrial areas. Carrollton serves a regional population of more than 100,000 and is located an hour's drive west of Atlanta.

West Georgia College originated in 1906 in an area of the state that is rich in Indian history (thus the selection of the school's mascot—Braves).

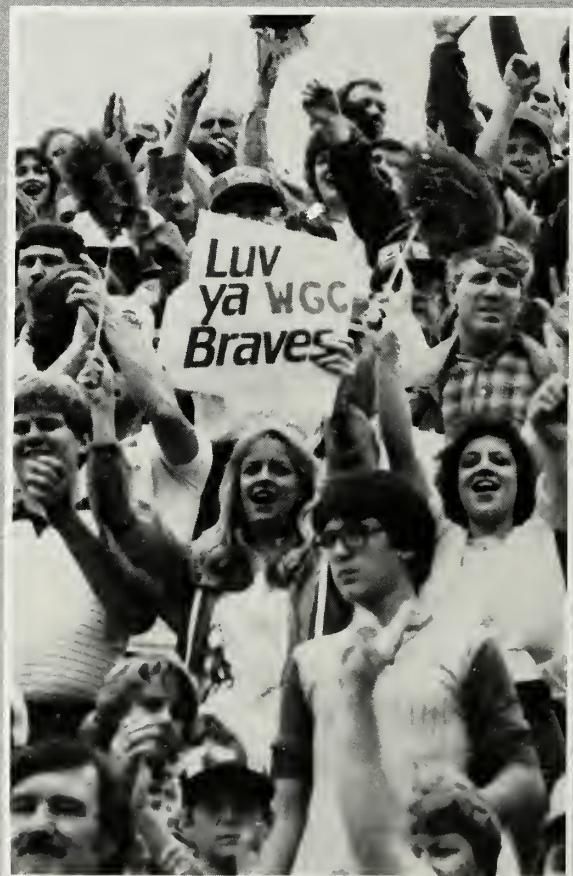

From the early beginning in 1906 of three small buildings, the college has grown to include more than 40 structures of learning, living, and recreation located on a 398-acre wooded campus. The physical facilities are valued at more than \$88.5 million.

# WEST GEORGIA COLLEGE

College can be a frightening experience  
or...

... it can be an exciting experience. It is  
up to you as an individual to decide what  
it will be to you!

Sometimes it might seem that you are all alone, but if you choose to become involved you can surround yourself with friends. Whether it be ...

... one ...

... or many.

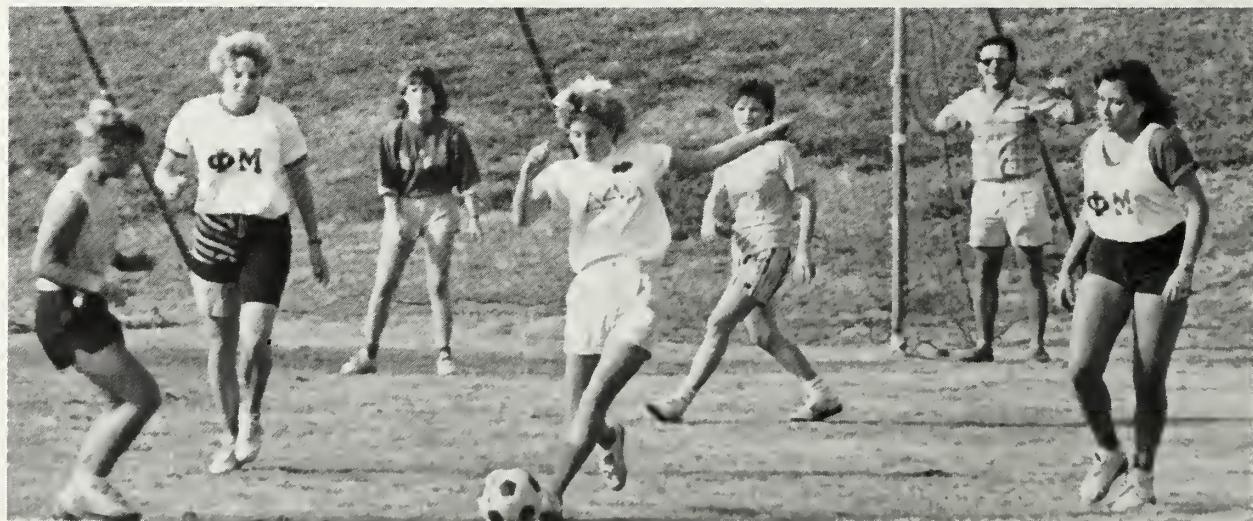

Fine Arts . . .

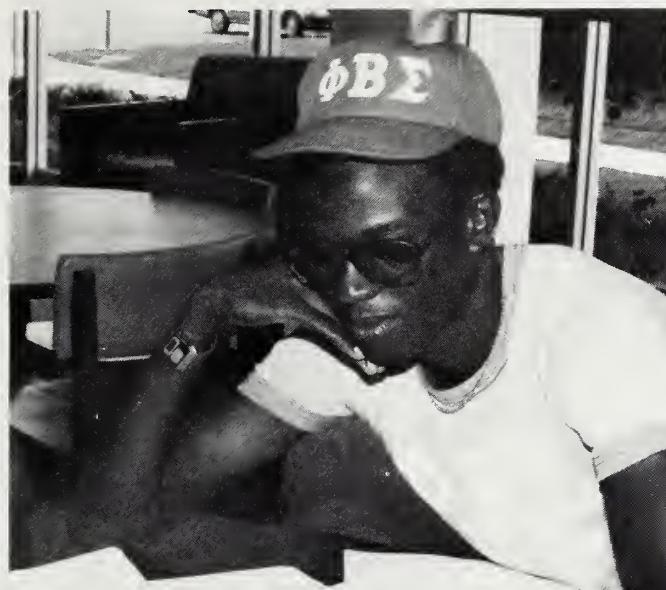

. . . Athletics . . .

West Georgia College  
has many extracurricular  
opportunities for students  
to participate in.

. . . and Greeks are  
just a few.

At West Georgia we continue to remember  
our main purpose is academics. Through  
studying and the support of others . . .

. . . recognition can be achieved.

When you arrive at West Georgia, it might take a little time to get settled.

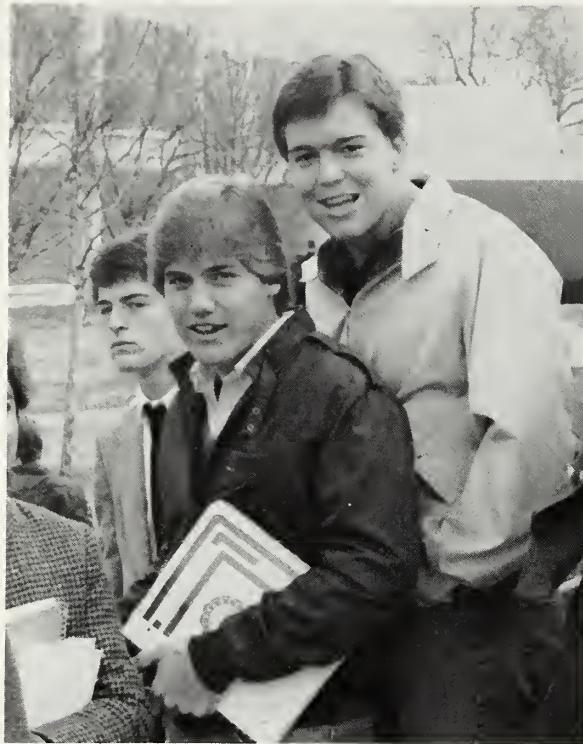

At first you will feel lost in the crowd ...

... and that everyone is out to get you. Don't worry, before too long you will find your way out of the woods.

There will be friends to back you . . .

. . . whenever you find an  
obstacle in your way.

We are excited that you  
have decided to join us.

We want you to feel good about  
your decision to come here.

Your days at West Georgia . . .

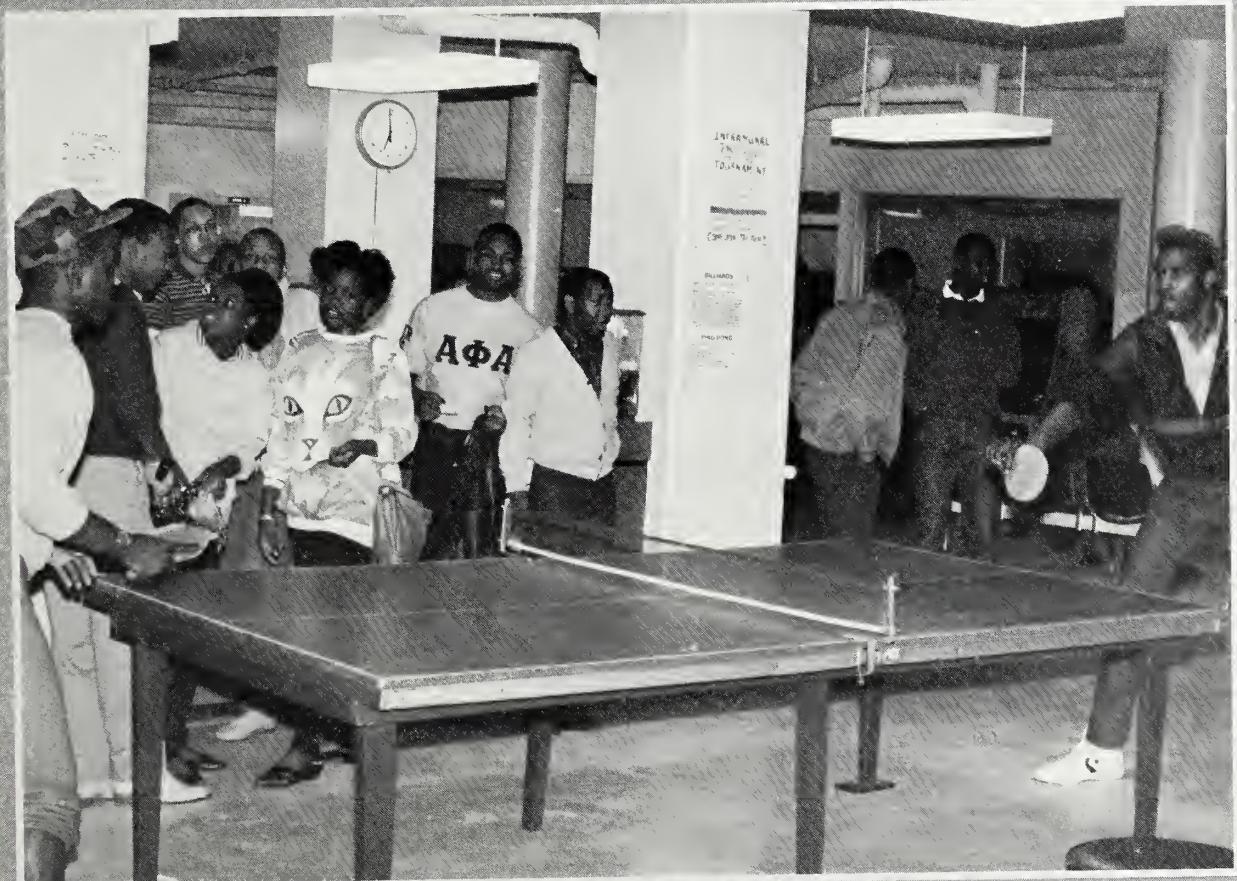

. . . will be filled with joy . . .

. . . and we hope that your  
rewards will be many.
